## Reaching Out To Our Community

Dear Office Manager,

Some say, "knowledge is power." I would disagree. I believe "Knowledge in action is power!"

How would you like to empower you staff with better health? This will result in less sick days... more productivity...and saving your bottom line while helping your staff improve their quality of life!

It is a simple equation:

Happier, healthier staff  
 = greater productivity at less corporate cost!

I can help! I offer HIGH-TECH, HIGH-ENERGY, FUN and INFORMATIVE, ways to learn how the human body works and what we can do to preserve and maximize health!

It is Dr. Shetlin's LUNCH LECTURE SERIES.

I would be honored if we could team up twice per year to educate your staff and patrons on natural health and disease prevention.

Don't know?

My lecture time is worth \$500 per hour. *I am happy to offer this at no charge during a lunch break.* So have your staff present and ready to apply "action" to the "knowledge" that will be shared with them.
